DEBATE & PUBLIC SPEAKING

COURSE TIME: 3:15–4:15 P.M. INSTRUCTOR: MS. O'HANLON

5th Grade Debate will be run in three sessions throughout the year. The first session is designed to give tips and tricks to being comfortable speaking in public, by utilizing theater games and debate techniques to help with nerves, vocal power, and physical control. Throughout the year, 5th graders will learn more about Parliamentary style debate while learning research, organization, and argumentation skills. They will prepare and organize notes for speeches, while developing critical thinking skills as they assess the relative merits of different arguments. Students will also learn how to be active and critical listeners, a skill that is important for engagement with an ongoing discussion. Later in the year, participants of this program will have an opportunity to become part of the HAC Silver Debate team, which debates competitively with the Orange County Debate League.

Grade Levels: 5th | Course Fee: \$165.00

WEDNESDAYS

DRAWING, PAINTING & CREATING ART

COURSE TIME: 3:15–4:15 P.M. INSTRUCTOR: MRS. GORMIN

This class is designed to encourage students to draw, paint, and create artwork that interests them. Students can use their own "style" or they can learn from the Masters. Impressionism, Realism, Expressionism, and even cartooning are options. Students will have their choice of media. Each student works at his or her own pace. Students will be encouraged to enter local, state, and national contests.

***This class is 9 weeks only, from September 11 - November 20.**

NO CLASS on October 9 & 23

Grade Levels: JK to 8th | Course Fee: \$160.00

ROBOTIC FUNDAMENTALS

COURSE TIME: 3:15–4:15 P.M. INSTRUCTOR: MRS. BANTZ

New and updated this year, we will be using Lego WeDo 2.0 to answer the question "What makes an object move?" This session we will explore how a push or a pull can affect how an object moves or changes shape. Young students will develop their critical thinking skills while learning how motors work with simple program strings while conducting an investigation on pull and friction forces. There are no requirements necessary for students to join, and each session is a unique and exciting experience.

Grade Levels: 2nd to 3rd | Course Fee: \$190.00
